

Our commitment to you is to help promote your product with the intention of realizing a demonstrable increase in sales. Although there are many extraneous variables that affect product viability in the marketplace, there are some constants that underline better sales. As is evident in repeated TV commercials and bill board ads, constant visibility of your products to both retailers and consumers help to ensure product viability.

The following are various marketing tools that we offer to help promote your product:

- **Catalogue Ads:** The Puresource wholesale catalogue is published every 2 months and allows your products and programs to be advertised 6 times a year. Over 3,000 independent retail buyers from coast to coast receive the catalogue. It is the single largest and consistent selling tool available to our sales representatives. ***Our data has shown that a single Puresource catalogue ad may contribute to a 10% increase in sales; while advertising in three catalogue issues may contribute to a 26% increase overall.***
Fee: \$499-\$799 dependant on position
- **Brand Profile Reports:** Monthly sales reports are available to better equip you in tracking brand performance so that promotional programs may be more effectively designed and implemented. **No charge.** *Contact Teresa Egerton directly for details at ext. 8830 or email at teresa.egerton@puresource.ca.*
- **CHFA Trade Shows:** In exhibiting with Puresource at Canada's two largest Natural Health product shows, you have the opportunity to showcase products face-to-face with key buyers and decision makers. You also benefit from the many show features and buying incentive programs Puresource runs to drive booth traffic and sales at these events. *Contact Jody Tonin directly for details at ext. 8855 or email at jody.tonin@puresource.ca.*
- **Puresource Website:** The Puresource website (www.puresource.ca) receives an average of 1400 hits per week and is an important customer recruiting tool. Our website promotes links to your site and offers FREE listing information for your company and products. Use this invaluable tool to keep your information current and dynamic.
- **Regulatory Referrals:** We can confidently recommend several secured regulatory partners to assist you with your products.

By utilizing a variety of these marketing tools we are confident that you will have greatly enhanced the performance of your brand with Puresource. Please contact our Marketing department for further details regarding these programs.

We look forward to working with you and making 2016 a successful year!
