## One drop is all you need!

Our essential oil based serum has been specifically formulated to be effective and easy to use every day. Just allow one drop to fall onto your toothbrush and brush your teeth as you would normally.

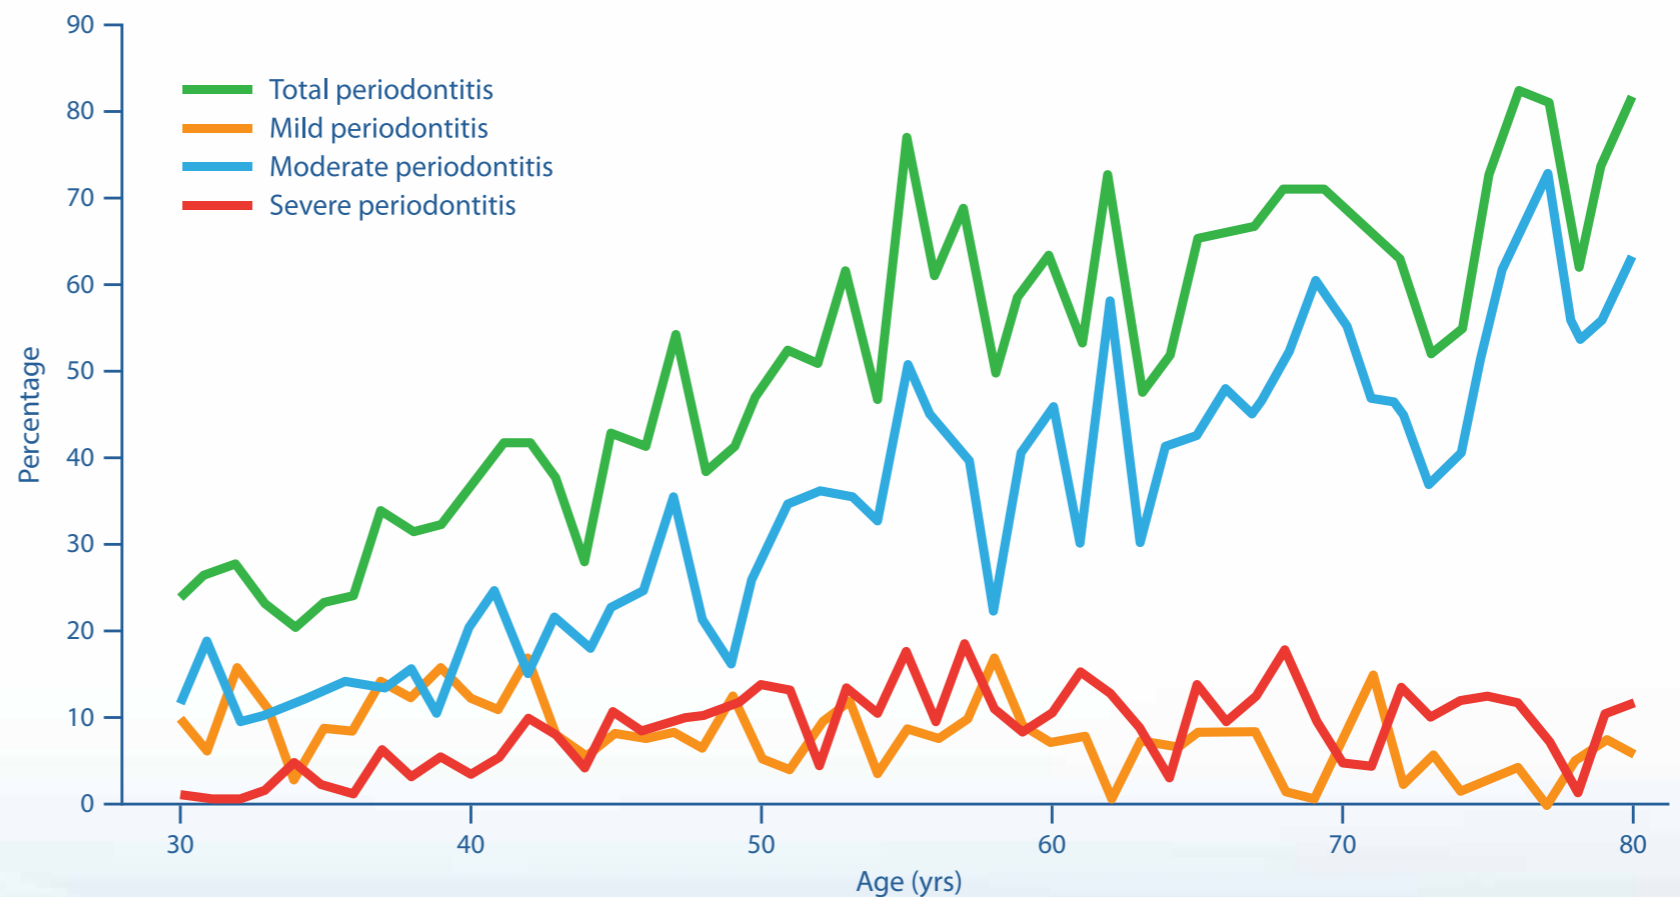

This is a total toothpaste replacement product.

After just one use, you'll never use commercial toothpaste again!

## The Current Dental Situation

- Almost 90% of people over the age of 30 have some form of dental disease.
- People that visit the dentist twice a year, floss and brush their teeth daily still have cavities, plaque, gum bleeding, unpleasant breath and more.
- There is evidence that directly links oral health to heart disease, dementia, osteoarthritis and more.
- The American Association of Endodontists estimate that 15.1 million root canals are performed annually in North America.

# Our Pure Essential Oils

All of our oils are of exceptional quality and come from parts of the plant that have the highest healing power. Our oils all have Certificates of Analysis to prove their efficacy. Our products are manufactured in Health Canada NPN licensed facilities.

## Cardamom

Fights infection and inflammation

## Cayenne

Reduces Pain and Stimulates Gums

## Cinnamon

Promotes gum regeneration and kills germs that cause bad breath

## Clove

Used to relieve toothaches, gum infections and freshens breath

## Neem

Prevents gum disease, tooth decay and infections

## Sage

Naturally antibacterial and antiseptic

## Peppermint

Antioxidant, freshens breath, kills bacteria that causes decay

## Fractionated Coconut Oil

Extends product shelf life

## Available in Original and Mint

Original has a wonderful cinnamon/clove flavor.

Mint is the same formulation with the addition of mint oil for that tingly mouth feeling

# Pure Essential Oil Dental Serum and 100% Natural Mouthwash

## Founder of bodyFood Inc.

Irene Spedalieri has worked in the pharmaceutical industry compounding patient specific preparations for over 25 years. She developed an interest in the healing powers of essential oils and became a certified aromatherapist in 2006.

In 2015, she created the original oneDrop Dental™ specifically for a client with chronic dental issues. After one month of use, the results of her improved dental health were astounding to her dentist.

An informal study was then done with 30 people with numerous dental issues and all had similar results. The formula was registered with Health Canada and is sold in health food stores in the Greater Toronto Area (GTA).
